

LED Blaze Bar

Blaze TM II LED Minibar

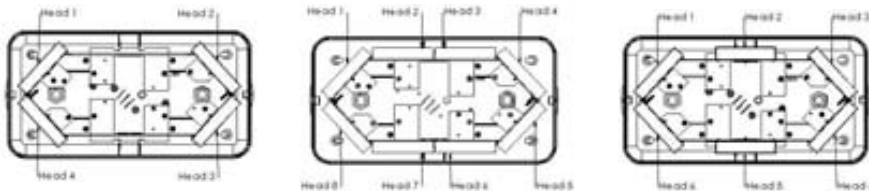

This compact and versatile high intensity LED Blaze Bar features four 1 watt LEDs per module. Major benefits include its compact size (400mm x 210mm x 110mm) and the available vacuum-magnet mount system. Other benefits include low current draw, long and maintenance-free service life and reliable solid-state electronics. The Blaze TM II LED minibar provides a convenient, high performance LED lighting solution in a cost-effective package.

65.00147
